

Dalhousie School

School Digital Citizenship Plan 2023-2024

This template is provided as an option for schools to use to create their Digital Citizenship Plan by October 31 of each current school year. Refer to the <u>Digital Citizenship Plan insite page</u> for support and resources. You can modify and use this template or create your plan in a different format as needed to support the needs of your school. School leaders use collaborative consultation to determine 2-3 long term goals for the school year and build upon them for long-term impact.

Please share a relevant version of your School Digital Citizenship Plan with parents and students on your school's website.

Relevant contextual information about your school and School Development Plan:

- Kindergarten to Grade 5 Spanish Bilingual School
- Literacy goal: Students' reading in Spanish will improve.
- Numeracy goal: Improve use of numbers to measure quantity by counting, labelling, comparing, and operating.
- Wellness goal: Students will develop perseverance when reading in Spanish and communicating mathematical ideas in Spanish.

Relevant evidence and data that informs your Digital Citizenship Plan:

- Since we are an elementary school, our students are understanding how to use digital tools for their learning
- Students are learning what digital citizenship means
- Students are understanding how digital technology can support their learning in class

School Digital Citizenship Plan						Progress		
Long Term Goal (e.g. spanning 8- 10 months)	Competency (may be chosen from the CBE DC Competencies)	Short Term Goals (in support of the long term goal)	Outcomes	Activities & Resources	Measures	November	January	June
Goal #1 Students will understand the importance of protecting their information online and how to do so.	Safe: I know how to protect my personal information online.	Teachers will teach students the importance of protecting their information online through the use of strong passwords.	Students will create a unique and age-appropriate password to use when accessing online CBE tools.	Digital Citizenship Insite Pages Common Sense Education Resource	All students in the school will have a unique, secure password to access CBE network/technology			
Goal #2 Students will understand how their online presence creates a digital footprint	Responsible: I understand that anything I access, produce and post contributes to my digital presence	Teachers will teach targeted lessons to understand what a digital footprint is.	Students will be mindful of what and who they share information online.	Digital Citizenship Insite Pages Common Sense Education Resource	Students will check-in with teachers when they encounter a prompt to share information on an online platform at school.
