# Useful Info:

**School councils** exist to advise the principal and the Board of Trustees on school matters. The school principal and at least one teacher at the school must be members of the school council (our teachers rotate through). School Council supports collaboration, helping to prioritize and organize goals. We ensure the diversity of the school community is represented, and submit an annual report.

**Parent societies** are a formal group of parents, incorporated under the Societies Act for the purpose of raising funds for the school. A society is a separate legal entity from the school council. The school principal is not a member of this group but may participate in the meetings.
